Granting of subsidies

Every applicant is entitled to a free consultation with a member of the FëBLux Governing Board in advance (article 2 of the constitution of the association).

An acknowledgement of receipt will be sent to each applicant.

The assessment of the application is carried out by the FëBLux Governing Board on the basis of

- an analysis of the current state of the library and its organisation, as well as
- the sustainability of the intended investment.

A high number of FëBLux donors from the respective municipality or canton can play a decisive role, especially if the quality of the application is equivalent.

The details of the assessment procedure are published in the respective annual report.

Positive decisions will be sent to the respective applicants by 15 March 2024 at the latest. The 2024 subsidy will be paid out by 31 March 2024 at the latest.

Applications that could not be considered after assessment will not be notified.

Cancellation in the event of non-granting is not possible.
